

# EXPONENTIAL ROUNDTABLES

## AROUND TABLES, WORKING TOGETHER

# IGNITING — A — CULTURE — OF — MULTIPLICATION

### WELCOME TO EXPONENTIAL ROUNDTABLES

*Exponential is a community with a cause. Our common vision is to see reproduction and multiplication becomes the norm in the language and behaviour of the church of Europe.*

*The topic of Exponential Roundtables 2020 is: Igniting a Culture of Multiplication. We want to see multiplication of the gospel, disciples, leaders, churches and networks. During this day we will focus on the different aspects of multiplication.*

*Culture can be defined as: Spontaneous repeated patterns of behaviour. Culture is shaped from the passion in your heart and the conviction in your mind. What we value becomes what we prioritise, and what we prioritise becomes our story and language and is visible through our behaviour.*

*We want to provide you with resources that will serve you and your church as you work towards planting new churches. On our website [exponential.courses](http://exponential.courses) you will find the content from all the workshop speakers. You can also access this years' book online.*

*It is a privilege to serve alongside you.*

# EXPONENTIAL<sup>7</sup>

EUROPE

SESSION 1: **SPARK**  
**Igniting a Culture of Multiplication**  
*by Øystein & Gina Gjerme*

Notes

**20  
MIN** **GROUPS AND PRAYER**

You have listened to Øystein and Gina Gjerme talk about 'The culture of multiplication' and how they are focusing on multiplying gospel, disciples, leaders and new churches. Please take some time to share some of your own story with others around the table.

**Share** (*use 2 minutes each*):

- Share your name, how you are involved in ministry and a short story about one person who has invested in you and has had a significant impact on your journey with Jesus Christ.

**Pray:** Pray that God will speak to you and the people around you.

SESSION 2: **VALUE**  
**Multiplication is the Norm**  
*by Raphael Anzenberger*

Notes

**NARRATIVE**  
**Language of Multiplication**  
*by Dave Ferguson*

Notes

**30  
MIN**

## **GROUP TIME**

Raphael explained how Multiplication is a biblical concept. Gospel, disciples, leaders and new churches multiplied, but it happened through the obedience to the Holy Spirit. Then Dave Ferguson spoke about the Narrative of Multiplication, the importance of the language we use and the story we tell. This reinforces the culture we want to build. Based on the two teachings, ask each other:

- What was God speaking to you through the two teaching sessions and what inspired you the most?
- What lessons can we learn from the three-stage model of church planting in the early church?
- Do you have a story to tell which will help to create a culture of multiplication? Briefly share it.

### **WORKSHOP SESSION: CHOSEN BY HOST**

*Notes*

**30  
MIN**

## **GROUP TIME WORKSHOP**

You have listened to one of the many workshops. Please reflect on the following questions:

- Please take 2 minutes and summarise what you heard in the teaching in three sentences.
- What was God speaking to you through the workshop and what inspired you the most?
- Does this have any implications for you? If yes, which?

Share what you have written with the other at your table.

### **SESSION 3: BEHAVIOUR Practice of Multiplication**

*by Ric Thorpe and Ness Wilson*

*Notes*

20  
MIN

## GROUP TIME

What does multiplication look like in practice? Ric Thorpe, a Church of England Bishop with a specific focus on church planting, has shared examples and stories of multiplication from his own experience in disciple-making, evangelism, church planting and strategic planning at a national level. Please reflect on the following question:

- What examples of multiplication have you experienced in ministry?
- Disciple-making questions, apprenticing leaders in a leadership pipeline, and planting with an apprentice planter are all multipliers. How might these, or other intentional interventions impact your own growth and church planting capacity?

## SESSION 4: **MOVEMENT** **Commitment to Multiply** *by Leo Bigger*

Notes

*All of the prerecorded workshops are available for free on our website: [exponential.courses](https://exponential.courses).*

## ACCESS IN-DEPTH TEACHINGS FROM THE MAIN SESSIONS

With notes and questions to use in your leadership groups
