ONE DAY, 125 CITIES, 30 NATIONS,
25 LANGUAGES, 6 TIME ZONES.

TOGETHER equip to multiply

Welcome to Exponential Roundtables

Exponential is a community with a cause. Our common vision is to see reproduction and multiplication becomes the norm in the language and behaviour of the church of Europe.

The topic of Exponential Roundtables 2021 is: TOGETHER – Equip to Multiply.

We want to see multiplication of the gospel, disciples, leaders, churches and networks. During the day we will focus on the different aspects of “Together”.

We have long understood and put effort towards the Great Commission (Matthew 28), which is the challenge to “Go.” More recently we have acknowledged we must also obey the

Great Commandment (Mark 12) to “Love.” But the missing part that makes up the mission of Jesus is the third great, the Great Collaboration (John 17) - that we must do this “Together.”

For us to see a movement that will accomplish the mission of Jesus we must do what Jesus asked us to do: we are to MAKE DISCIPLES ... and LOVE ... but TOGETHER!

We want to provide you with resources that will serve you and your church as you work towards planting new churches. On our website exponential.courses you will find the content from all the workshop speakers freely available. You can also access this year’s book online.

It is a privilege to serve alongside you.
